Algonquin College, Ottawa, Ontario, Canada
Ontario College Diploma (2 years)

Multimedia Technology Jun 2015 – May 2016
AMA Computer Learning Centre, Pasig, Manila, Philippines
Diploma (1 year)

ACADEMIC PROJECTS

Photography Portfolio | Photography Final Project Mar 2025 – Apr 2025
Interactive Media Design, Ottawa, Ontario

- I took photos for our final project about doing a story through photo essay (album).
- Designed gallery pages with lightbox effects and implemented loading for performance.
- Customized theme styles and organized visual design of the site for consistent branding across devices.

Movie Poster Design | Graphic Design Final Project | April 2025
Interactive Media Design, Ottawa, Ontario

- Conceptualized and designed an original movie poster, focusing on visual hierarchy, typography, and composition to convey the tailored genre (horror) and narrative.

- Utilized Adobe Photoshop for advanced image compositing and Illustrator for custom vector assets and title treatment.
- Applied color theory and photo manipulation techniques to create a high-impact, professional-grade marketing asset.
- Ensured the final design met industry print standards, including bleed, margins, and high-resolution output requirements.

UX/UI Wireframes & Prototype | Figma Project

May 2025 – Aug 2025

Interactive Media Design, Ottawa, Ontario

- Conducted Research, Made personas, Mapped user flows, Created Mood board and style guide.
- Created low and high-fidelity designs in Figma with interactive components and based on the style guide.
- Conducted peer usability tests and ensured clarity, accessibility, and visual consistency throughout layouts.

Interview Video | Video Foundation Assignment

July 2025 – July 2025

Interactive Media Design, Ottawa, Ontario

- Directed and shot an interview video using a two-camera setup with three-point lighting and lapel mics.
- Edited the footage using transitions, music, and lower thirds in Adobe Premiere Pro.
- Led pre-production tasks such as scripting questions and coordinating talent and setup.

Vegetarian Restaurant Website | Web Development Project

May 2025 – Aug 2025

Interactive Media Design, Ottawa, Ontario

- Coded a fully responsive multi-page website using HTML, CSS, and the Bootstrap framework.
- Translated high-fidelity designs and interactive components originally developed in Figma during the UX/UI course into a functional web interface.
- Implemented a mobile-first approach to ensure the vegetarian restaurant's branding remained consistent across all devices.
- Ensured code clarity and accessibility standards were met, following the initial style guide and user flow maps.

WORK EXPERIENCE

Maintenance / Laundry Attendant

Apr 2024 – Present

Holiday Inn Express & Suites Downtown | 235 King Edward Ave, Ottawa, Ontario

- Respond to guest calls for maintenance and laundry services, ensuring clear communication and timely resolution.
- Coordinate with housekeeping and engineering teams to schedule repairs and room service.
- Maintain inventory logs and digital records, improved task tracking by using standard checklists.

Supervisor

Aug 2017 – Nov 2023

Big Smoke Burger (Closed) | 50, Rideau Street, Ottawa, Ontario

- Led a team/staff in a busy restaurant, scheduling shifts and distributing prep tasks to meet daily service goals.
- Checked food quality and presentation and trained new hires on hygiene standards and cooking procedures.
- Handled customer orders, processed payments, and resolved customer concerns, enhancing satisfaction.
